Device Information

General Device Details

Device Host Name	MIDNBSSR
Device Domain Name	midmac.com
Device Operating System	Microsoft Windows 11 Pro
OS build number	Microsoft Windows NT 10.0.26100.0.8655
OS Edition	Client
OS Architecture	64-bit
SystemBootTime	07/07/2026 07:35:46
Streamlined Connectivity Readiness (Preview)	READY
System-wide WinHTTP proxy	Direct access (no proxy server).

Device Configuration Management Details

Version	2
Enrollment Status	Device is enrolled to AAD and MEM (1)
Intune Device ID	ad3e37c9-d82d-ff3e-d5b5-5a481fb254e8
Azure AD Tenant ID	e6b29f24-bbce-4eda-ab6f-ae91427325c1
Domain Joined	YES
Azure AD Joined	NO
Workplace Joined	YES

AV Component Details

Defender AV Service Status	Running
Windows Security Center Service Status	Running
Windows Security Health Service Status	Running
Defender AV SSLOptions configuration	False
Defender AV mode	Active
Defender Network Inspection Service	Running
Defender Network Inspection Driver	Running
Defender AV Platform Version	4.18.26050.15

EDR Component Details

Device ID	a2c5b391836dc3471d2b942b470b392acb8e6
Organization Id	ec39921f-3d29-4899-8bad-f35087906a74
Sense version	10.8830.27933.1000
Sense Configuration version	10.8839.main.2026.07.04.01
DiagTrack (UTC) Service Status	Running

Defender AV Security Intelligence Version	1.453.463.0
Defender AV engine Version	1.1.26050.11
Defender Is Tamper Protected	True
Defender Tamper Protection Source	ATP
Defender Is Tamper Protection Exclusions Enabled	False

Microsoft Account Sign-in Assistant Start Type	Manual
Anti-Spoofing capability deployed	YES
MachineAuth ID	a2c5b391836dc3471d2b942b470b392acb8e6
Anti-Spoofing State GUID	66748D4C-F662-482E-8EAE-F8D73CD9AFED
Sense Service Discovered Proxy	Proxy config: Method=Direct, address=
Device Datacenter Location	EU
Device Onboarded via Streamlined Connectivity	NO
Sense service Status	Running
Sense service StartType	Automatic
