

Open OneDrive in Edge

The screenshot shows the OneDrive web interface for user Phil Toepp. The top navigation bar includes the OneDrive logo, a search box, and action buttons for '+ New', 'Upload', 'Sync', and 'Automate'. The left sidebar shows navigation options like 'My files', 'Recent', 'Shared', and 'Recycle bin', along with a 'Quick access' section listing various folders. The main content area, titled 'My files', displays a table of folders and files.

Name	Modified	Modified By	File size	Sharing
Attachments	August 17	Phil Toepp	2 items	Private
Desktop	June 22	Phil Toepp	11 items	Private
Documents	March 15, 2021	Phil Toepp	54 items	Private
Microsoft Teams Chat Files	May 18, 2021	Phil Toepp	7 items	Private
Pictures	March 15, 2021	Phil Toepp	3 items	Private
Phil @ Network Management Group	September 1	Phil Toepp		Private

Enter search criteria into search box to obtain these results, which include files from our SharePoint site

The screenshot shows the OneDrive search results for the query 'FieldTime'. The search bar at the top contains 'FieldTime' and 'All files'. The results are displayed in a table with columns for Name, Location, Modified By, and Date modified.

Name	Location	Modified By	Date modified

Clicking a file opens the file in a new tab. However, clicking a folder results in the following page being displayed in a new tab.

Sorry, something went wrong

File Not Found.

TECHNICAL DETAILS

[GO BACK TO SITE](#)

Prior to last week, clicking a folder opened the folder in the same tab.
It still works if the folder is located in the user's OneDrive files.
