

## Error Installing SQL Server Express 2019

Microsoft OLE DB Driver for SQL Server - C:\ProgramData\Package Cache\{9D6F8754-28E9-4940-B319-3FC8588CF18F}\v18.5.0.0\x64\ was not available.

The Message: The feature you are trying to use is on a network resource that is unavailable.

On browsing to C:\SQL2019\ExpressAdv\_ENU\1033\_ENU\_LP\x64\Setup\x64 use 'msoledbsql.msi', the error indicated was that the 'msoledbsql.msi' that came with the software was not a valid package for the product Microsoft OLE DB Driver for SQL Server.

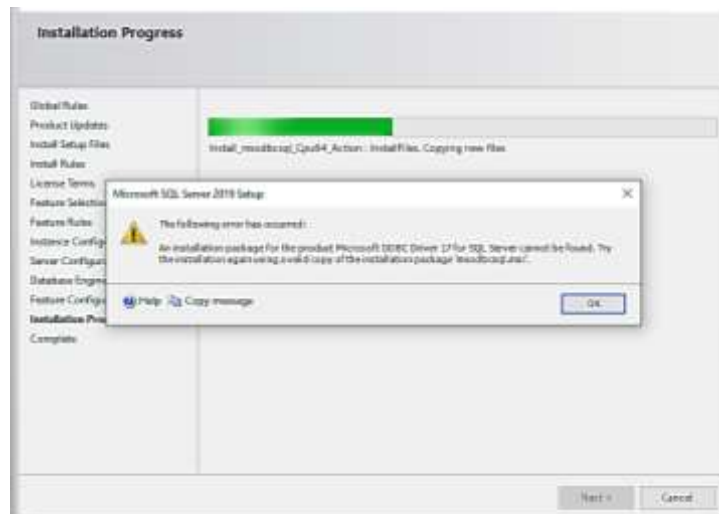

What I did was to search for and download the said file 'msoledbsql.msi', but it did not work either.

The Error:

An installation package for the product Microsoft OLE DB Driver for SQL Server cannot be found. Try the installation again using a valid copy of the installation package 'msoledbsql.msi'.

The same scenario played for 'msodbcsql'.

And finally, SQL Server Express 2019 failed to install:
