# You've earned your Microsoft Certified: Azure Security Engineer Associate certification

Microsoft certification ID: 995841489

Congratulations! You've earned your Microsoft Certified: Azure Security Engineer Associate certification.

### Celebrate your certification and all your learning achievements

On your [Microsoft Learn profile](#), you can:

- Find details about your new certification, including the date you earned it, the associated skills, and a printable certificate.
- Add the certification to your résumé, or share it via email and on social networking platforms, such as LinkedIn. For details, read [View, use, and share certifications](#).
- Verify your learning activities and certifications, manage your upcoming exam appointments, check your renewal eligibility, and download updated transcripts, exam score reports, and certificates.

### Expect a notification when it's time to renew your certification

Fundamentals certifications don't expire, so you won't receive a renewal notification, but Microsoft role-based and specialty certifications expire every year unless renewed.

- When your certification is eligible for renewal (six months before its expiration date), we'll send you a reminder email.
- To renew, simply pass the free assessment on Microsoft Learn before your certification expires. For more information, read [Renew your Microsoft Certification](#).
