Dear Microsoft Certification Support Team,

I am writing to request assistance with redeeming the 50% certification discount for the **Azure AI Engineer Associate (AI-102)** exam.

I recently attended the "**Microsoft Virtual Training Day: Build Agentic AI Solutions with Azure AI Foundry**" and received a confirmation email on **November 18th** stating that I am eligible for the discount.

The Issue: Despite following the redemption instructions, the 50% discount is not reflecting when I attempt to schedule the exam. I have already verified that the email address I used to register for the event is the same one linked to my Microsoft Learn profile.

Event Details:

- **Event Name:** Microsoft Virtual Training Day: Build Agentic AI Solutions with Azure AI Foundry
- **Registered Email:** siddiqui.arslan897@gmail
- **Date of Completion Email:** November 18, 2024

Could you please investigate why the voucher is not appearing on my profile or provide the necessary steps to activate it? I have attached the completion notification email for your reference.

Thank you for your assistance.

Best regards,

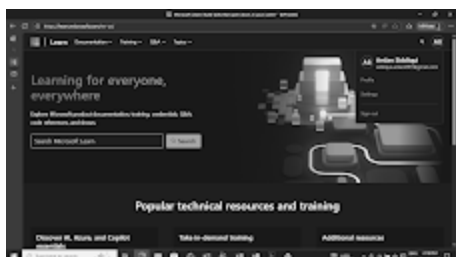

Arslan Siddiqui
